## INTRODUCTION

### Welcome to Turney Center Industrial Complex

This handbook has been designed to be a guide to help the visitor by providing basic information and regulations. It is not exhaustive. You may find additional information concerning visitation by reviewing TDOC Policy 507.01 on the TDOC website. I highly recommend that every visitor read this policy.

It is the goal of TCIX staff to make visiting an incarcerated loved one as pleasant as possible, while maintaining a safe, secure environment.

The staff recognizes the rehabilitative value of inmates maintaining family ties through visits and we encourage them to do so. Any guest to this facility may and should expect to be treated in a kind and respectful manner. Should any situation arise where this is not the case, please feel free to let me know. That said; it is also expected that our guests will conduct themselves in a manner compliant with the regulations set forth in this handbook and TDOC Policy 507.01.

We welcome you to Turney Center Industrial Complex and truly hope your visit is a pleasant one. If you need any assistance, my staff or I will be happy to help you.

  
Kevin Genovese, Warden
